

Alaska Agriculture in the Classroom Educator Workshop 2017

Course Dates: Tuesday, June 6th — Friday June 9th, 2017 (8am –5pm daily)

Course Description: This course is a hands-on introduction to the many agriculture education resources available through the Alaska Ag in the Classroom program. Field trips to local agriculture businesses, farms, and contacts with resource professionals are the highlight of this course. A variety of interdisciplinary agriculture-based curricula, including STEM based interdisciplinary methods, to teach principles of agriculture will be presented.

Location: UAF and Local Farms and Agriculture Businesses in Fairbanks, Alaska

Cost: \$216 1 or 2 credits available

Instructors: Sharon Lockwood and Melissa Sikes

Course Title: Enhancing Agriculture Literacy for Regular Education, Gifted and Special Education Teachers

Course #'s: 1 credit CRN 52075 (ED) or CRN 52076 (NRM)
2 credits CRN 52119(ED) or CRN 52120 (NRM)
